Subject: Current Student Notification

The Accrediting Bureau of Health Education Schools Commission reviewed Valley Grande Institute's accreditation record at its January 2026 meeting. Following this review and discussion, the Commission deferred action on the school's application and continued the show-cause status, effective February 2026. Additionally, the current accreditation has been extended through August 31, 2026, pending receipt of additional information from Valley Grande Institute. The institution is required to respond to the directives issued by the ABHES Commission in accordance with the standards outlined in the Accreditation Manual.

As per Chapter III, Section A, Subsection 10.b, and Chapter IV, Section B, Subsection 1 of the *Accreditation Manual*. The institution is further directed to submit a teach-out plan and its approval form. Additionally, the institution must include notification to current and prospective students of its current status and any ongoing directives.
